

"English electronic self-learning resources" (applicable to P1 to P3)

10th November, 2023

Dear Parents,

In order to encourage students to make good use of online learning and develop the habit of self-learning English, the English section of our school has selected the following online learning platforms for students to use for self-learning. Here is a detailed list of online learning resources:

1. CEO 2.0

CEO is an English learning platform provided by the Catholic Education Office, and in this plan, the three English letters CEO have more meanings. C represents the core values of Catholic education, E can represent English Language, E-learning and Education, and O symbolizes progress towards perfection, as well as the impending ring. The CEO Reading Journey is a journey that allows students to experience a series of inspiring stories. The stories are based on the beliefs and teachings of Catholic schools and cultivate their moral and character development through these classic fables or stories specially written for students.

Students can log in to the website ceo.wiseman.com.hk to complete relevant reading comprehension; parents please refer to the video teaching (English and Cantonese) and parent manual on the website to guide your children.

2. Lango

"Lango" is a language learning platform for mobile devices that focuses on helping students easily learn English conversation with artificial intelligence. This platform provides a stress-free environment where students can freely talk and practice with AI, gradually improving their English conversation skills. The program provides basic free courses, including words, sentences, conversation exercises, etc. Lango Buddy is a paid item, parents can purchase it on the following website:

The login names and passwords for the above items will be distributed to students by the English teachers of each class. Should you have any queries, please contact Mr Liu Kong Sum at 29810330.

Yours faithfully,

Ms. Ng Lai Ying

Principal
